**DAM:** GRSFK0580 GOORAMBAT K0580 (AI)

GRSFG0209 Goorambat G0209

GRSFN0806 is a promising young sire bred with the thought of EMA and early growth in mind. A bull who can be used as either a full blood sire or as an F1 sire with the likes of ECHFA3001 and GINFB0901 in his pedigree. Both of those two are proven performers and with MS9 carcasses also in the female side of the pedigree we are very pleased with the potential of GRSFN0806.
